

Socket block McPower

4x Schuko sockets, 1x USB-C PD 20W, 2x USB-A, 2 m cable

TECHNICAL DETAILS: · 4x Schuko sockets · 1x USB-C PD 20W output: 5V/3A, 9V/2.22A, 12V/1.67A · 2x USB-A output: 5V/3A, 9V/2A, 12V/1.5A · IP20 – for dry indoor areas · Sockets with child protection shutters · 230V / 50Hz · max. 16A, 3,600W · Sockets pre-wired and ready for use · Dimensions 220x80x80 mm · incl. approx. 2 m connection cable with Schuko plug · ON/OFF switch

SAFETY INSTRUCTIONS: Keep the operating instructions for the appliance in a safe place. Check the appliance regularly for damage. Do not modify the product or accessories. Do not insert any objects into connection sockets. The product is not suitable for outdoor use. Do not short-circuit the connections. Only use the product if it is in perfect condition. Never operate a defective device! The appliance must not be modified in any way. Risk of electric shock and accident! Keep the appliance away from moisture and humidity. Avoid extreme loads such as extreme heat or cold, moisture, microwaves, mechanical pressure and vibrations. Avoid overloading the socket: Do not connect several high-current devices at the same time. Overloaded sockets can lead to overheating and a fire hazard. **Disconnect the mains power supply before connecting. Electrical work, installation and repairs may only be carried out by qualified electricians. Avoid inserting metal objects or fingers into the socket to prevent a short circuit or electric shock - DANGER TO LIFE!** Only wipe the appliance with a soft, dry cloth. Never use scouring powder or chemical cleaning agents. Electrical components must not come into contact with moisture. Do not kink, crush, pinch or otherwise damage the cables. If you have any questions, defects, mechanical damage or other problems, please contact the dealer or manufacturer. If you have any doubts about the safety of the socket or if it is not working properly, have it checked by a qualified electrician and repaired if necessary. The product is not a toy and does not belong in the hands of children! Please note that the product, packaging, plastic film / bags, polystyrene parts, etc. are not suitable for children. Small parts and insulating material can become a dangerous toy for children and pose a hazard.

Intended Use: The power strip is designed for charging and operating small mobile devices and for use as an extension cable in household environments. Any use other than that described in this manual is not permitted. The product is intended for use exclusively in dry indoor areas. Please note that failure to follow the instructions and safety guidelines may result in serious accidents, personal injury, or property damage. IP20: The device is protected against medium-sized foreign objects but is not protected against water ingress

DISPOSAL INSTRUCTIONS: By separating, recycling and disposing of old appliances in this way, you are making an important contribution to protecting our environment. Packaging can be disposed of free of charge in accordance with local regulations at the appropriate collection centres. According to the European WEEE Directive, electrical and electronic appliances may not be disposed of with household waste. Their components must be recycled or disposed of separately, as toxic and hazardous components can cause lasting damage to health and the environment if disposed of improperly. As a consumer, you are obliged under the German Electrical and Electronic Equipment Act (ElektroG) to return electrical and electronic equipment free of charge at the end of its life to the manufacturer, the point of sale or to public collection centres set up for this purpose. Details are regulated by the respective state law. The wheeled bin symbol on the product, operating instructions and/or packaging indicates these regulations.

CARE INSTRUCTIONS: Clean only with a soft cloth and a neutral cleaning agent. Avoid using alcohol or cleaning products that contain acetone, sulfur, beryllium, ammonia, or other solvents. Avoid mechanical pressure and heavy soiling.
